"I came here with specific, deep rooted issues that I have been dealing with for years. The flow of the sessions and the personal exercises allowed me to visualize and experience my past and granted me the opportunity to finally become free. What an awesome experience to feel healthy and whole, and to feel the weight of the past lifted off my heart, mind and soul. Words cannot express my gratitude." JM

"I was anxious before arriving, but through the weekend I came to realize that my feelings are not who I am. My feelings are at times indicators of deficits to very real needs, and this helped dissolve my shame. I highly recommend the TLC healing seminar for anyone brave enough to discover that God indeed made them beautiful." CD
