## PLEDGE SUPPORT – THE NATION IS WAITING!

Dear Friends,

War looms on the home front, in Iraq, and in the hearts of men and women all over the world. We are all engaged in our own particular battle and we all have our own battle scars.

One of the great divides today is the issue of homosexuality. It cuts the community, church and culture right down the middle. What the homosexual activists would have you believe is innate and immutable – born that way and cannot change. I just returned from teaching at Indiana Wesleyan University. Several students approached me and said in tears, "Our fathers just 'came out' to the family!" Other students shared about siblings, relatives and friends who are living a homosexual lifestyle, many who have died from AIDS.

But have you heard the great news? **PEOPLE ARE NOT BORN WITH SAME-SEX ATTRACTIONS** and **CHANGE IS POSSIBLE**. The nation and world are waiting for this message of hope. Would you please help?

Wayne Besen, of the Human Rights Campaign (political action committee of the homosexual rights movement with an annual budget of 20 million plus) is about to release his new book, *Anything But Straight*. He plans a national tour to slander the Ex-Homosexual movement. With the pro-homosexual media and a well-financed campaign, we know he will garner lots of public attention, further driving the nail into the coffin.

However, this is *our* opportunity to sound the trumpets of freedom – **FREE-DOM TO CHOOSE CHANGE**. Regarding homosexuality, I am pro-choice! The right of self-determination and free agency are at stake. The lives of our children and their children are at stake. It's so frustrating knowing that teens and adults are being murdered – murdered by homosexual behavior that leads to multiple diseases and premature death. We can stop this destruction. We have the truth and the testimonies of transformed lives. We just need the funds to get our message out: **CHANGE IS POSSIBLE! HOMOSEXUALITY CAN BE HEALED! GOD'S LOVE CHANGES LIVES FOR GOOD!**

We need to raise \$500,000. Yes, a half a million dollars, minimum. Would you please make a tax-deductible pledge to IHF for 2003 so we can help change lives for good? We need funds for the following projects:

1) **COALITION** – We have helped to initiate a coalition of like-minded national/international organizations in order to create a unified message to influence public opinion. We need funds to thrust this new organization into the limelight and infuse our culture with a message of *hope and healing from homosexuality*. The Coalition will meet in April to create common terminology, key messages and a unified strategy. This will be the first time that national/international organizations unite and begin to speak with one voice.

2) **MEDIA & PUBLICITY** – We have the truth, we have the testimonies, but we lack visibility. If no one hears the message, we cannot bring about change. We must hire professional media and publicity experts to help us frame the message to reach the greatest number of people. We need to advertise and inundate the media with our stories of change and joy!

Please help! Please pledge any amount. *None is too small. None is too great!* If you know of other potential donors, please let me know and I will be happy to contact them. Your gift will save and change lives. Whenever we stand up and speak out that **CHANGE IS POSSIBLE**, lives are saved and souls are set free.

Please help us turn this situation around. Please make a pledge of support for 2003. We need funding to be well prepared and get the message out. The opportunities exist. *We just need your help*

*to access them.* Let us protect our children and defend our nation from further death and destruction. With your help, we can do it.

Thank You and Bless You,

Richard Cohen, MA
